Session/ Panel discussion with innovation and Start-up Ecosystem Enablers
from the region/state/national level

IIC Activity
Quarter IV

Objective

To help the students understand the present scenario in terms of Start-Up and Entrepreneurship opportunities in Renewable Energy Industry in India.

Benefits in terms of learning/skill/knowledge

The students, who are supposed to become industry professionals or future entrepreneurs, briefly understood the possibilities that lie in the field of Renewable Energy Industry.

Session plan/details of the event

The Institutions Innovation Council along with the Department of Automobile Engineering organized a Panel Discussion on 22nd August to discuss the present scenario in terms of Start-Up and Entrepreneurship opportunities in Renewable Energy Industry in India.

The speakers of the panel discussion were:

Ms. Sangita Sen, CEO and Founder, Sunny Ray Solutions

Prof. (Dr.) Saradindu Panda, Principal, Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex

Dr. Sayantan Chakraborty, HoD, Department of Electrical Engineering, Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex

The discussion highlighted on the following topics:

- how the non-renewable energy sources are getting depleted day by day
- how the renewable energy sources can be utilized in order to meet the energy requirements of society.
- Start-up and Entrepreneurship opportunities for the Entrepreneurs who are willing to work in this field.
