

Start-up and Entrepreneurship Opportunities in the field of Renewable Energy Sector Self-Driven Activity Quarter 3

Objective:

1. To help the students explore the Start-up and Entrepreneurial opportunities available in the field of Renewable Energy Sector.
2. To understand how to develop oneself to work as an entrepreneur.

Benefits in terms of learning/skill/knowledge:

The students, staffs and the faculties of the Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex attended the Seminar and understood the steps and processes through which one can develop himself/herself as an entrepreneur.

Session plan/details of the event:

An expert lecture session on 'Renewable Energy: Entrepreneurship and Career Opportunities' was organized on 10th August, from 3 PM onwards which was delivered by Ms. Sangita Sen, CEO and Founder, Sunny Ray Solutions. She explained how the non-renewable energy sources are getting depleted day by day, and how the renewable energy sources can be utilized in order to meet the energy requirements of society. She also mentioned that there are many opportunities for the Entrepreneurs who are willing to work in this field.
