

Innovative Idea Competition

Self-Driven Activity

Quarter III

Objective

To create a competitive environment to generate new ideas.

Outcome

The students shared their innovative ideas to develop new knowledge.

Institutions Innovation council in association with the The Department of Civil Engineering organized an "Innovative Idea Competition" on February 10, 2023, in association with Idea-o-Meter. The program was organized to boost and motivate the students for involvement in innovation and research. The program started with a welcome address by Baibaswata Das, TIC, Department of Civil Engineering. A number of ideas were presented by the students of the Department of Civil Engineering. The program was judged by Dr. Shefalika Samaddar, convener of the SurTech Innovation Cell, and Mr. Soouvik Chakraborty, Assistant professor of the Department of CE and departmental representative of Idea-o-Meter. The program ended with a vote of thanks from our two judges. The students showcased their ideas and were awarded participation certificates and mementos.
