

National Pollution Control Day Celebration Activities Quarter II

Objective

To celebrate the National Pollution Control Day at our Institution campus.

Benefit in learning

The students celebrated the National Pollution Control Day to understand the pollution controlling methodologies that needs to be implemented.

Session Plan

The Institutions Innovation Council along with the Department of Automobile Engineering organized the celebration of National Pollution Control Day on 2nd December, 2022 at the Seminar Hall of the Department of Automobile Engineering.

The celebration was done with the help of publishing a Wall Magazine focusing on the pollution controlling methodologies implied by the Automotive Industries. The students prepared the Magazine by summing up all the advanced pollution controlling methodologies implemented by the industries.
