Sur**Tech**

The Speaker of the session was Mr. Anirbit Sengupta, who is an Innovator in the field of Internet of Things, who has 10 patents on his name till now. He has been diligently working in the field of IoT and he explained how IoT can be beneficial to the society. He expresses how the school students can use the basics of IoT to innovate as per societal needs. In general, his session generated a huge amount of curiosity and moreover, the students were very much motivated to innovate. About 48 school students and 5 school teachers had participated in this session.
